## **1. Project Objectives**

Train teachers from the Ministry of Education in the use of ICT tools to improve their teaching performance, to promote educational innovation and online learning.

Train priority attention groups or digitally illiterate groups in the use of ICT tools to apply what they have learned in their daily lives, promoting their digital inclusion, and improving their quality of life.

## **2. Objective of the Manual**

The primary objective of this manual is to provide exhaustive training in the specific use of Facebook as an educational tool. It focuses on two key aspects: improving teaching performance through effective Facebook integration strategies in teaching and promoting digital inclusion among priority and digitally illiterate groups.

## **3. Scope**

The scope of this manual covers a complete training program designed for teachers of the Ministry of Education and priority attention groups or digital illiterates. It focuses exclusively on the educational use of Facebook, seeking to positively impact the improvement of teaching performance and the digital inclusion of participants.

## **4. Aimed to**

This manual is designed to meet the needs of two main groups: Ministry of Education teachers and priority attention groups or digital illiterates. Each section of the manual is tailored to specifically address the challenges and goals of these two distinct audiences.

## **5. Application introduction**

Facebook is a social media platform that has become an integral part of online life for millions of people around the world. Founded by Mark Zuckerberg in 2004, this social network allows users to connect with friends, family and colleagues, sharing diverse content such as photos, videos, links and status updates.

The central concept of Facebook is the creation of user profiles that reflect the digital identity of each individual. Through the creation of virtual friendships, users can stay up to date with the lives of their loved ones, interact through comments, "likes" and sharing content. Additionally, Facebook has evolved to include features such as groups, events, business pages, and messaging tools, expanding its reach beyond personal connections to address various aspects of online communication and interaction.

Over the years, Facebook has undergone several updates and feature additions, adapting to changing user trends and needs. In addition to being a platform for social connection, it has also served as a space for the exchange of information, news and opinions. Despite criticism and controversies, Facebook remains one of the most influential and used social media platforms in the world.

## 6. Basic Notions

Before diving into the world of Facebook, it is essential to understand some basic notions that will make navigation and interaction on the platform easier. Below are essential elements of the application workspace:

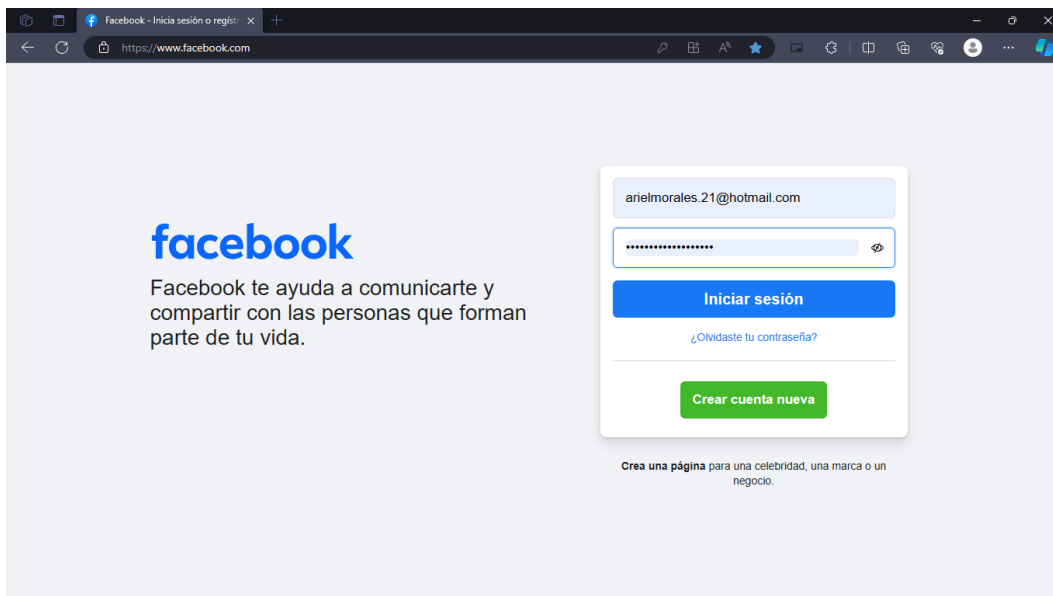

1. User Profile:
  - Each user has a personal profile that acts as their individual space on Facebook. Includes personal information, profile and cover photos, as well as shared posts and activities.
2. Home:
  - The "Home" is the main page of Facebook, where a continuous stream of posts and updates from friends and pages followed by the user is displayed.
3. Navigation Bar:
  - At the top of the screen, you will find a navigation bar that allows you to access different sections of the app, such as Home, Friends, Groups, Pages, Marketplace, Watch and more.
4. Notifications:
  - The bell icon indicates notifications, alerting you about activities related to your profile, such as new comments, likes or friend requests.
5. Options Menu:
  - Located in the upper right corner, the icon with three horizontal lines takes you to a menu containing shortcuts to your profile, friends, events, settings and help.
6. Side Bar:
  - On the left, you will find a sidebar that includes access to your friends, pages you follow, groups you participate in, and upcoming events.
7. Create Post:
  - The option to create a post allows you to share updates, photos, links and more with your friends.
8. Reaction and Comment Buttons:
  - You can express your feelings towards the posts with the "Like", "I love it", "It amuses me", "It amazes me", "It saddens me" and "It makes me angry" buttons. You can also leave comments on posts.
9. Search:
  - The search bar allows you to find friends, pages, groups and specific content within the platform.
10. Messaging:
  - The Messenger icon gives you direct access to Facebook's messaging feature, where you can chat with friends individually or in groups.

Understanding these basic elements provides a solid foundation for getting the most out of your Facebook experience, making it easier to connect, interact, and explore within the platform.

## 7. Steps to follow

### Step 1: Login

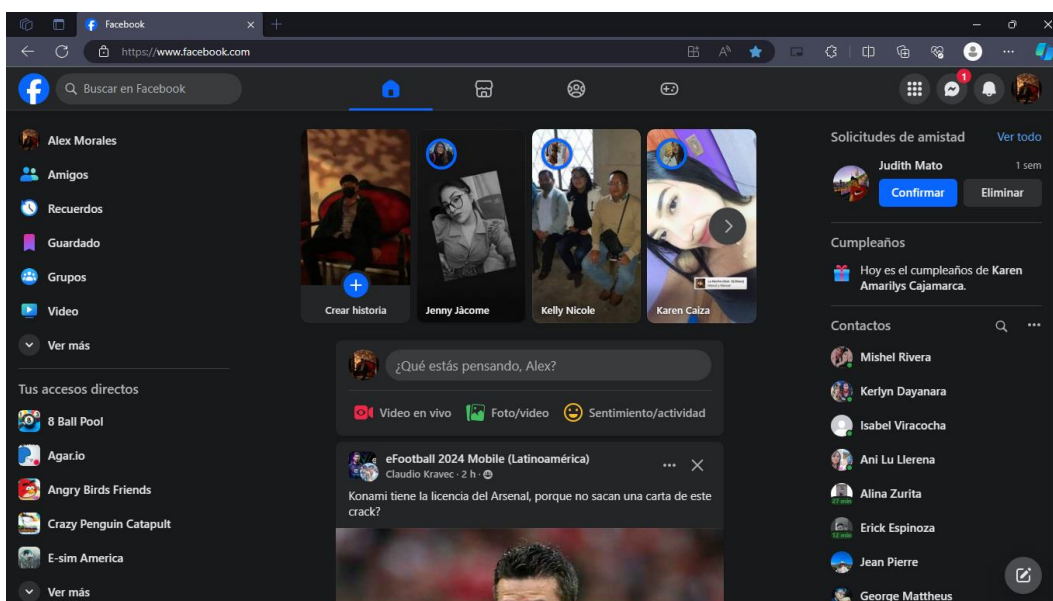

1. Open the Facebook application on your mobile device or access the website from your browser.

2. On the home screen, enter your email address or phone number and your password.
3. Press the "Login" button.

### Step 2: Navigate Home

1. After logging in, you will be directed to the "Home" or "News Feed". Here you will see posts from your friends and pages you follow.

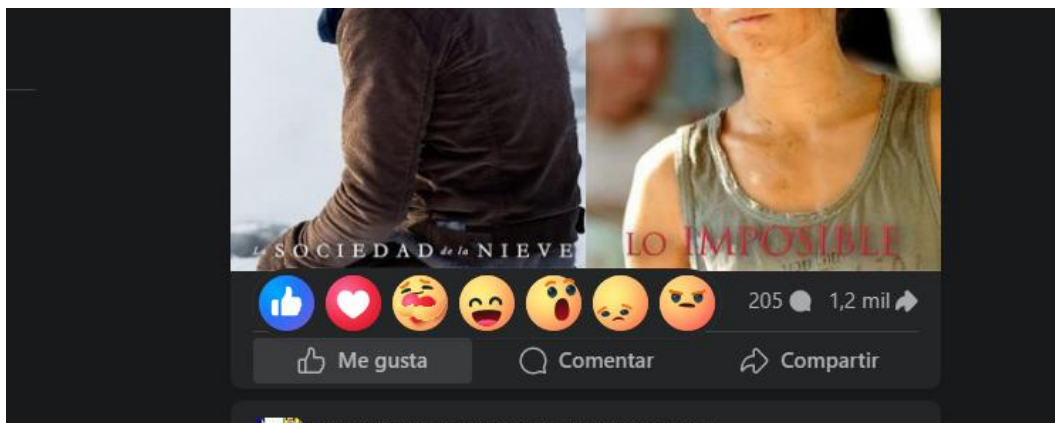

2. Swipe up and down to browse posts continuously.

### Step 3: Interact with Posts

1. To like a post, tap the thumbs up icon.

• **Note 1:** Be careful when clicking on the “It makes me angry” icon to avoid misunderstandings.

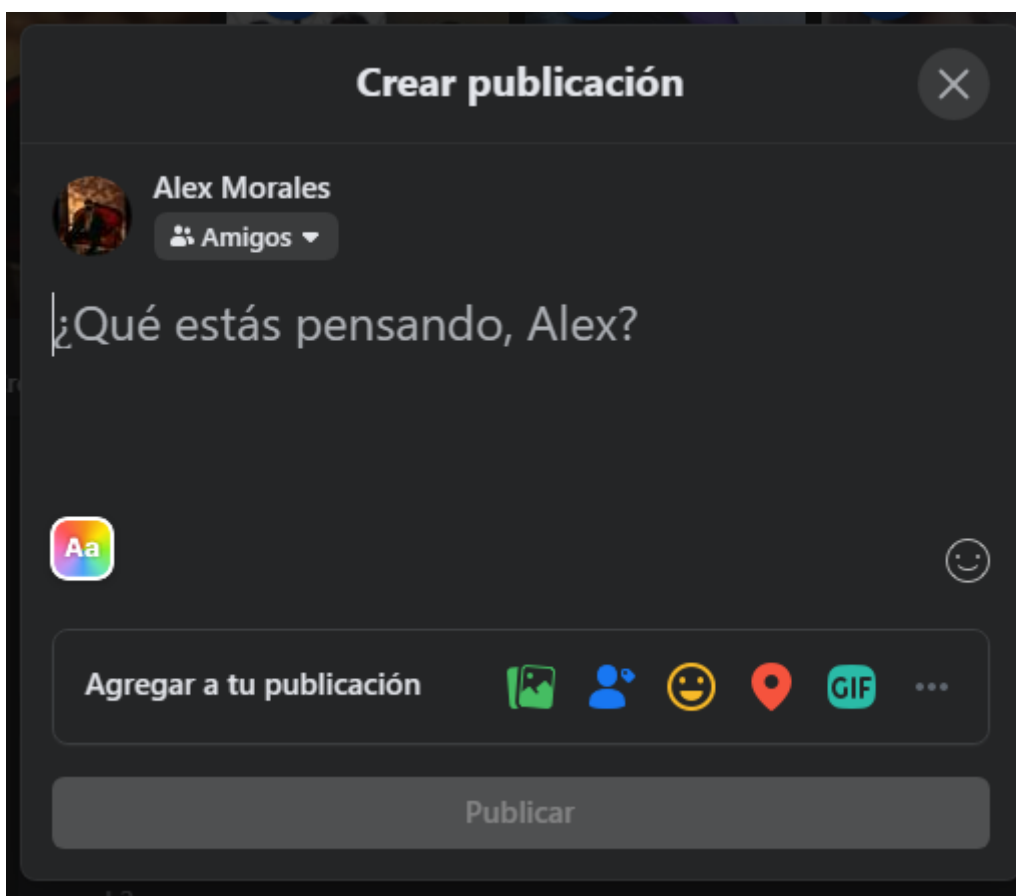

2. To comment on a post, tap the comment icon and type your message.
3. To share a post, tap the share icon and choose where you want to share it (on your timeline, in a group, etc.).

#### Step 4: Update your Status

1. At the top of the "Home", find the "What are you thinking?" text box.
2. Write your update or share photos and links.
3. You can add emotions and activities to your post by selecting the corresponding icons.

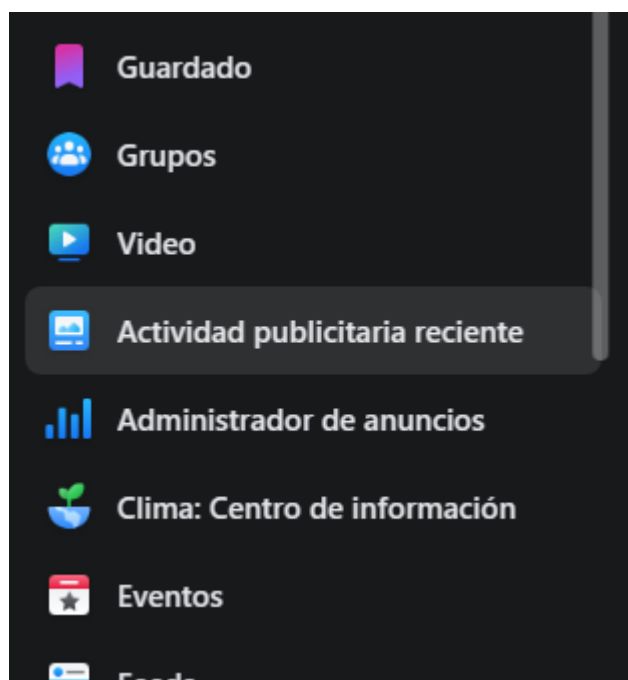

• **Note 2:** Think carefully before posting, as updates are visible to your friends.

#### Step 5: Explore Groups and Pages

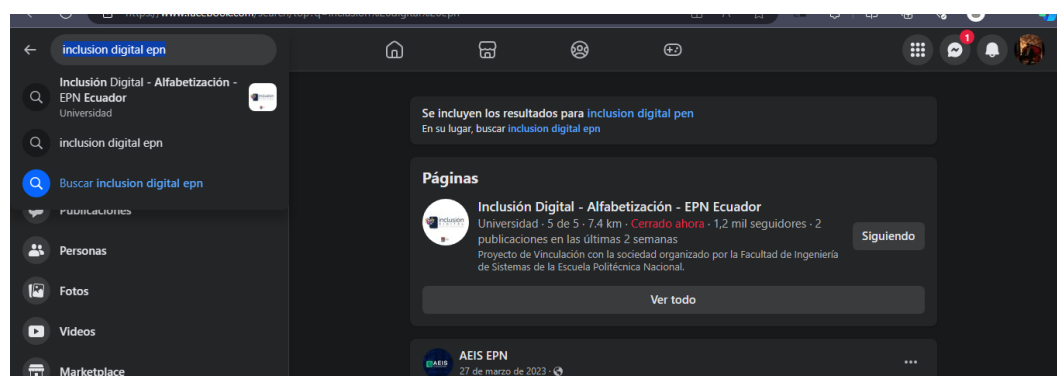

1. In the left sidebar, tap "Groups" to view and join groups of interest.

2. Do the same with "Pages" to follow the pages of artists, companies or causes.

### Step 6: Search Friends and Pages

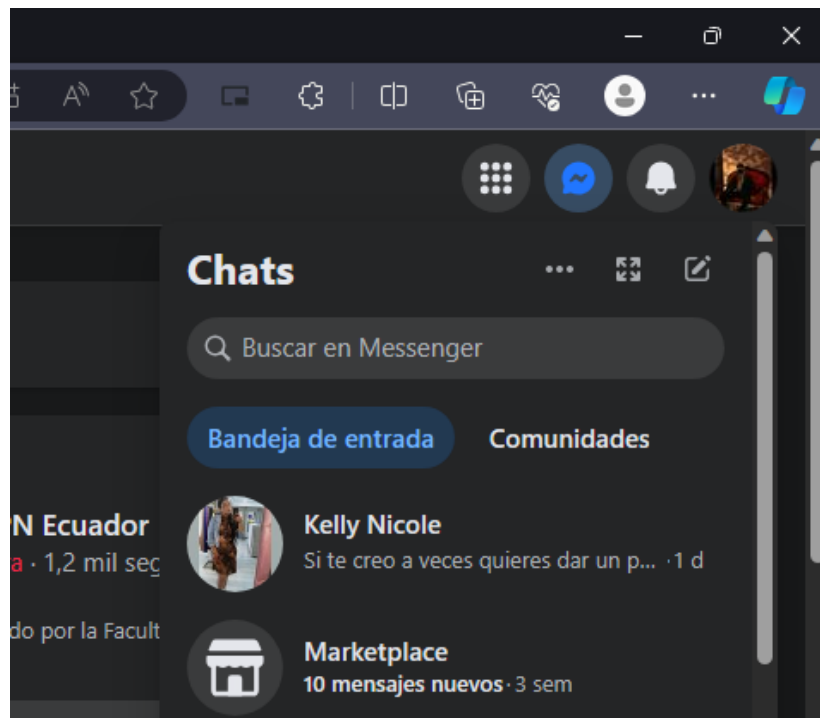

1. Use the search bar at the top.
2. Enter the name of a friend, page, or group you want to find.
3. Select the appropriate result and, if it's a page or group, press "Follow" or "Join."

### Step 7: Send Messages

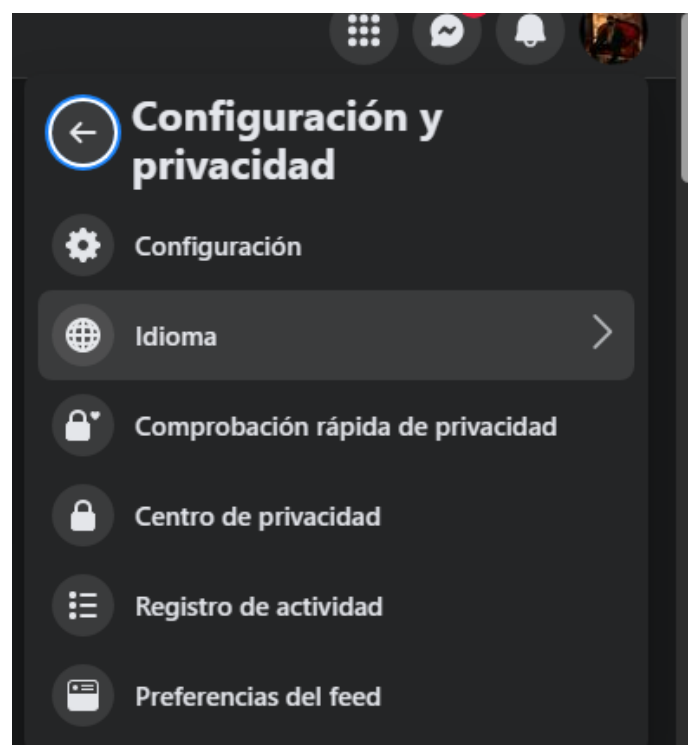

1. To chat with a friend, tap the "Messenger" icon in the top right corner.
2. Select the friend you want to talk to and write your message at the bottom.

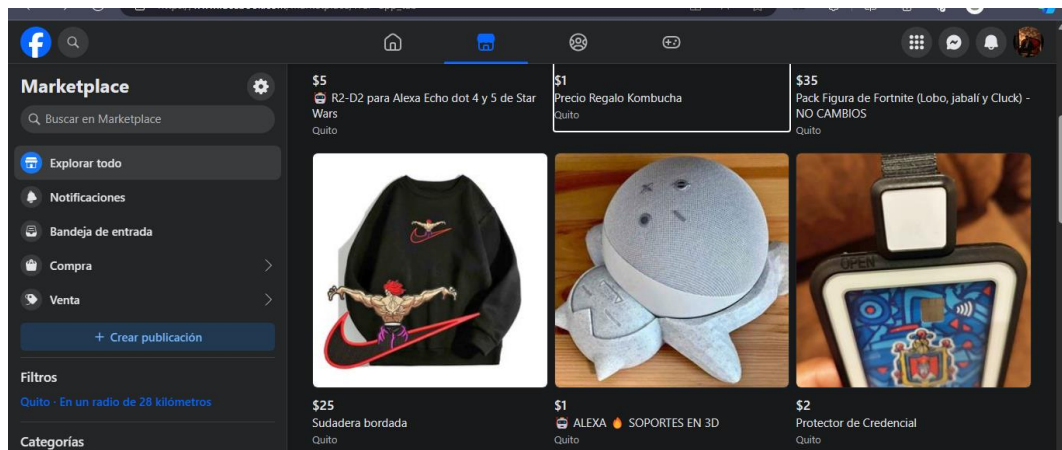

### Step 8: Privacy Settings

1. From the options menu, select "Settings and privacy".
2. Explore options to adjust your privacy settings, determining who can see your posts, who can send you friend requests, etc.

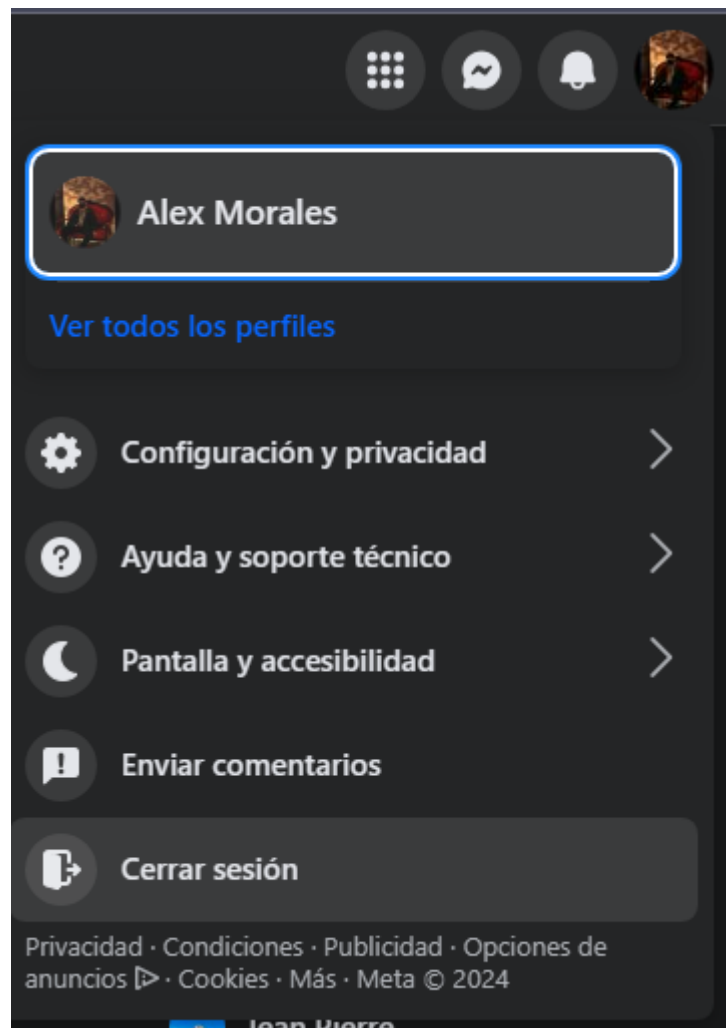

### Step 9: Explore Marketplace and Buy/Sell

1. In the sidebar, tap "Marketplace" to explore local purchases and sales.
2. Use the categories to search for specific products, filter according to your preferences and contact sellers directly.
3. When buying or selling, be sure to review detailed descriptions, photos and agree on transaction details safely.

## Step 10: Sign Out

1. If you're done, go to the options menu (three horizontal lines icon) in the top right corner.
2. Scroll down and select "Sign Out."
3. Confirm your decision if necessary.

By following these detailed 10 steps, you will be able to perform basic actions on Facebook, from logging in to exploring different features of the platform, buying and selling on the Marketplace, and adjusting your privacy settings. We hope you enjoy your Facebook experience!

## 8. Frequently asked questions

### **Question 1: How Can I Change My Privacy Settings?**

• *Answer:* To adjust your privacy settings, go to the options menu (three horizontal lines icon) in the top right corner. Select "Settings & Privacy" and explore the available options. You can determine who can see your posts, send friend requests, and more.

### **Question 2: How to Prevent Someone from Seeing My Posts?**

• *Answer:* When creating a post, you can adjust the audience by clicking the privacy button (usually located next to the "Publish" button). Here, you can choose who can see your post: public, friends, just me, custom, etc. Additionally, you can modify global privacy settings in "Settings and privacy".

### **Question 3: What Should I Do If I Forgot My Password?**

• *Answer:* On the login screen, click "Forgot your password?" Follow the instructions to reset your password. You may need to receive a security code to the email or phone number associated with your account.

### **Question 4: How to Search and Join Interest Groups?**

• *Answer:* Use the search bar to find groups related to your interests. Select "Groups" in the left sidebar to explore suggestions. When you find a group of interest, press "Join" and wait for the administrator's approval.

### **Question 5: What is the Difference between Pages and Profiles?**

• *Answer:* Profiles represent individuals and require friendship to connect. Pages, on the other hand, are for businesses, artists or public figures and allow users to "Like" to follow without needing approval. The pages also offer statistics and specific functions for promotion.

## 9. Glossary

| Term                          | Description                                                                                                 |
|-------------------------------|-------------------------------------------------------------------------------------------------------------|
| <b>User profile</b>           | Personal space on Facebook that represents an individual. Includes information, photos and user activities. |
| <b>News Feed (Home)</b>       | Facebook home page showing a continuous stream of posts from friends and followed pages.                    |
| <b>Navigation bar</b>         | Bar at the top that allows access to different sections of the application.                                 |
| <b>Notifications</b>          | Alerts about activities on your profile, such as new comments, likes or friend requests.                    |
| <b>Option menu</b>            | Drop-down menu with access to profile, friends, events, settings and help.                                  |
| <b>Sidebar</b>                | Panel on the left with access to friends, followed pages, groups and events.                                |
| <b>Create Post</b>            | Feature to share updates, photos and links to your profile or groups.                                       |
| <b>Reactions and Comments</b> | Options to express feelings towards posts and leave messages.                                               |
| <b>Messenger</b>              | Facebook messaging platform to chat with friends individually or in groups.                                 |
| <b>Privacy settings</b>       | Settings that determine who can see your content and send you friend requests.                              |
| <b>Marketplace</b>            | Section to buy and sell products locally within the platform.                                               |

## 10. Bibliography and References

| Reference                         | Title                                               |
|-----------------------------------|-----------------------------------------------------|
| Facebook Help Documentation       | Official Facebook help for users.                   |
| Facebook Help Center for Business | Specific help resources for businesses on Facebook. |
| Facebook FAQ                      | FAQ section in the official Facebook documentation. |
